ROOMS & SUITES

Our freshly renovated rooms and suites create a bright and airy home from home for your friends and family.

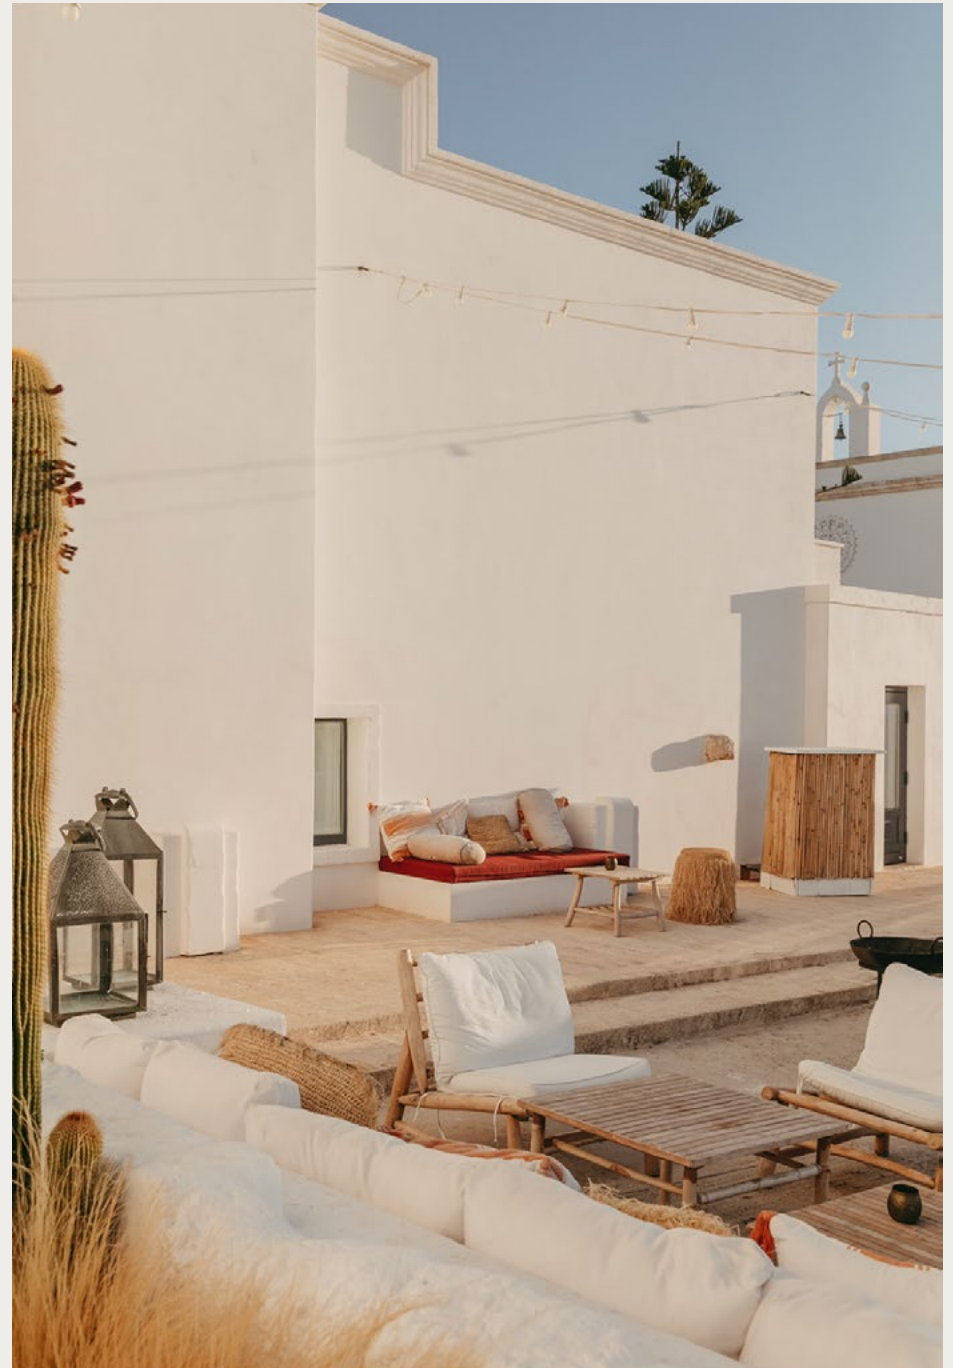

White-washed walls and luxuriously simple interiors frame fresh French linens, handmade furniture and local ceramics to deliver an elegant yet relaxed space to unwind. All rooms have private gardens for guest's exclusive enjoyment, bathed in sunlight and the perfect place to enjoy the slow pace of a lazy afternoon.

WEDDING LOCATIONS

Weddings can be conducted in our church, in the olive grove or in our beautiful Moroccan tent.

The small church accommodates 30 people and opens out into the picturesque piazza for wonderful photos under the confetti. Nothing feels more traditionally Italian and romantic than this.

YOUR DREAM

At Masseria Calderisi we want to capture everything you've ever dreamed of in a wedding.

With detailed knowledge of Puglia and its unique possibilities we would love to help you create your perfect day. We can decorate the property with the most beautiful flowers, lights and candles. We can provide unique transport you'll never forget, fireworks to fill the night sky, music for dancing and we can even ask the donkeys if they'll join in the festivities. Just drop us a line and tell us your dreams.

If you already have a wedding planner in mind, we also have a useful list of local suppliers that we would recommend to help things flow seamlessly. To facilitate the plans for your big day, we have gathered a few insider tips from our favourite suppliers that might just makes things that tiny bit easier.

INFORMATIONS

The best time of your life.

## FLOWERS

Is there a personal item that could form the basis for your floral style? Maybe the colour of a treasured piece of jewellery, or perhaps the favourite flower of someone who can't be with you today? Large displays make much more of an impact than small ones. If budget is an important constraint, we recommend investing in a few impressive arrangements rather than lots of little ones. These not only look great but add to the delight of photos.

---

## PHOTOS

We always recommend choosing a photographer who knows your wedding venue. This will mean they already know the best places for great photos according to the time of day. If you are bringing your own photographer, try to meet them here before the wedding day so you can discuss good locations. You won't want to be worrying about the logistics on the day itself!

---

## MENUS

Seasonality is key when planning your menu. We always check what will be in season for your wedding dates to make sure you have the freshest ingredients. This is also a useful budget consideration as ingredients cost more if they're not in season and have to be flown in.

---

## PREPARATION

We know it's an exciting and busy time, but please schedule plenty of sleep in the weeks before your wedding! Allow an hour of calm before trying to sleep, maybe enjoy a warm bath, a cup of chamomile tea and some lavender oil on your pillow.
